

Wyoming Intertie Community Investment Program - Summer 2025

Wyoming Community Foundation

Overview

Overview:

The Wyoming Intertie Community Investment Program (WICIP) was established at the Wyoming Community Foundation by Wyoming Intertie LLC. WICIP supports communities in Albany, Carbon and Platte Counties, where the Wyoming Intertie Project - a transmission line connecting U.S. eastern and western electric grids in Wyoming - will be located. Wyoming Intertie is dedicated to partnering with these communities; as a result, WICIP funds support innovative projects that enhance quality of life while strengthening communities in Wyoming.

Grant Cycles:

WICIP has two application cycles each year. In 2025, applications will be due on June 16th and December 15th.

Requirements:

Applicants must be a 501(c)(3) nonprofit or government entity, such as a local government, tribal government, or school district. Non-501(c)(3) nonprofits may be eligible. Individuals and for-profits are ineligible; however, individuals and for-profits may apply through a fiscal sponsor that is eligible.

Applicants that have applied for previous grant cycles may apply for subsequent grant cycles for different phases of their project. Applicants do not need to be based in Albany, Carbon, or Platte County, however, grants must be used for projects benefiting communities in these counties. Only one application is allowed per organization per cycle.

Grant Amounts:**WICIP will now be offering two types of grants:**

- **Project costs:** If you are applying for equipment, building renovations, new program start-up costs, or other project related costs, please select Project Costs. WICIP offers up to \$50,000 for project costs. Non 501(c)3s may be eligible for these grants. Please contact Allison Anderson at allison@wycf.org with eligibility questions.
